BEST BUDS.

The most powerful and accurate high-end ear buds AKG engineers have yet produced, the new K 319 in-ear headphones are a semi-open lanyard design featuring enhanced bass response, an in-line volume control and extension cable, plus a hard case with cable winder. Tiny and virtually weightless, the high-end K 319 headphones will transport you from wherever you happen to be to the concert stages and professional studios where your favorite music was first recorded.
